University of Arizona College of Medicine – Phoenix M.D. Candidate, Class of 2015	July 2011 – May 2015
University of Arizona Bachelor of Science, Biochemistry and Molecular Biophysics Overall GPA: 4.0	August 2007 – May 2011
Sabino High School Valedictorian Weighted GPA: 4.34 / Unweighted GPA: 4.0	August 2003 – May 2007

Research Experience

University of Nevada Las Vegas, Dept. of Plastic Surgery Quality improvement in flap monitoring with resident-lead teaching of nursing staff Principal Investigator Richard Baynosa, M.D. Case series of robotic rectus abdominis muscle flap for APR, vaginal defects, and fistulas Principal Investigator Richard Baynosa, M.D.	July 2015 – June 2021
Barrow Neurological Institute Evaluation of efficacy of different hydrogels in preventing both fibrosis and CSF leakage following dural repairs in spinal surgery Principal Investigator Mark Preul, M.D.	September 2011 – May 2015
University of Arizona Characterized the PAS domain of soluble guanylyl cyclase (sGC), a protein essential in the nitric oxide signaling pathway. Used site directed mutagenesis to further understand the structure and function of the PAS domain. Principal Investigator William Montfort, PhD	December 2008 – May 2011
Undergraduate Biology Research Program (UBRP) Worked full time in the Montfort Lab over summer to research PAS domain of soluble guanylyl cyclase protein. Research continued into the following academic year.	May 2010 – May 2011

Work Experience

Medical Staff, Memorial Hermann, Memorial City

August 2021 – Present

Plastic surgeon on medical staff in order to care for patients who are admitted to the hospital and need care after surgical services at Aesthetic Center for Plastic Surgery (ACPS) outpatient surgery center.
